

WORKPLACE KNOWLEDGE ASSESSMENT SYSTEM

Token Purchase

The WKAS application was designed for professional organisations that want to assess the knowledge of their people in an objective way. It is not a psychometric test.

WKAS is a simple to use internet application that does not create any barriers to use for any size of organisations or service specialist offering value added post training knowledge assessment.

In an effort to keep the purchase and method of payment simple WKAS operates a TOKEN system that is easy to use and administer. Each token is equivalent to one assessment taken and tokens can be purchased by sending/faxing/emailing us your order confirmation.

1. A single Tokens is £25 + VAT (discounts are offered based on the quantity purchased - please see the matrix below).
2. Your Company account will be credited with the number of tokens purchased and this is displayed on screen each time your company administrator logs on.
